

## DMN700GE

Manual Callpoint, Green, Free Contact, Outdoor, Surface Mount with Glass

### General

The DMN700GE is a weather proof MCP, designed for outdoor application with an IP67 ingress protection rating. It comes with snap on connections, which ensure ease of installation and maintenance. Assembly of the unit is also made easy with a simple snap on fit, and 4 screws to secure the unit.

### Installation

Installation time and ultimately cost, are of paramount importance. The MCP range directly reflects this need by providing a unique 'plug and play' concept designed specifically to reduce installation time. All new MCP products utilise a special terminal block, where all initial installation cabling is terminated. This terminal block is then simply connected to the back of the MCP. Simple, but effective, with no re-termination required and no time wasted.

### Options and Approvals

Through new standards and legislation, both glass and re-settable operating elements may be used. To provide the greatest 'flex-ability', the new MCP range can be configured as either break glass or re-settable unit by simply changing from one element to another. No other additional parts or alternative products are required.

### Standard Features

- Easy to install
- With break glass or resettable element
- Easy to replace glass
- High quality micro switch
- IP67 rated

# DMN700GE

Manual Callpoint, Green, Free Contact, Outdoor, Surface Mount with Glass

## Specifications

<b>Cable Termination</b>	0.5 - 2.5 mm <sup>2</sup>
<b>Max. contact rating (resistive load)</b>	2 A @ 30VDC
<b>Mechanical</b>	
Material	PC/ABS
Weight	270 g
Dimensions (W x H x D)	98 x 94 x 70 mm
Color	Green ( Ral 6016 )
<b>Operating temperature</b>	-30°C to + 70° C
<b>Relative humidity (non-condensing)</b>	0-95% RV
<b>IP Rating</b>	IP67

## Ordering Information

Part No.	Description
DMN700GE	Manual Callpoint, Green, Free Contact, Outdoor, Surface Mount with Glass
DM715	EN54 Universal MCP Glass (without branding)
DMN782	Hinged transparent MCP protection cover
DMN784	Call Point Test Key
DMN798	Breakable Seal for DM2010, DMN700, DMN900 and KAL455 Series Manual Call Points
DMN800	Resettable Element for DM2010, DMN700, DMN900 and KAL450 Series MCPs
