

# SPB-2W

## Pluggable Base for ZP755 and EA55 Series Devices - WHITE

### General

---

The SPB-2W is a WHITE, first fix plug in base for the ZP755 and EA55 series sounders and sounders with visual indicators.

### First fix wiring option

---

The SPB-2 pluggable bases provide a basis for terminating ZP755 and EA series loop wiring at first fix stage. Forming an integral part of the overall unit assembly, the bases are provided with slots for screw fixing, either directly to the building structure, or a wide range of international conduit boxes. Bases feature large wiring terminals with captive clamping washers to ensure secure termination.

### Robust manufacture

---

Bases are manufactured in moulded ABS and are also available in grey, polar white and red.

### Details

---

- First fix facility
- Ease of installation
- Large wiring terminals

## Pluggable Base for ZP755 and EA55 Series Devices - WHITE

### Technical specifications

---

#### Compatibility

---

ZP755 and EA55 sounders and sounders with visual indicators

---

#### Mounting

---

Surface

---

#### Terminals

---

Loop +ve in/out

---

Loop -ve in/out

---

Cable screen continuity

---

24 VDC +ve external supply

---

24 VDC -ve external supply

---

#### Operating voltage

---

16 - 22 VDC from panel

---

24 VDC from external supply

---

#### Application

---

Indoor installation

---

#### Temperature range

---

-10°C to +75°C

---

#### Humidity range

---

20% to 95% RH (non condensing)

---

#### Material

---

Moulded ABS

---

#### Dimensions

---

127mm (Dia) x 5mm (H)

---

#### Colour

---

White

---

#### Weight

---

61g
